

LIGHTGLASS

DO NOT CONNECT LIGHTGLASS UNIT DIRECTLY TO LINE VOLTAGE

This will result in permanent damage and all warranty will be void.

WIRE LEGEND

	White		Orange
	Black		Pink + White Stripe
	Red		Purple
	Blue		Purple + White Stripe
	Yellow		Green (Ground)
	Pink		Wire Junction

STANADALONE WIRING

Each standalone unit will be provided with it's own SunDial Controller in the dedicated driver box. SunDial is pre-programmed by LIGHTGLASS and requires no commisioning.

ARRAY WIRING

Each array of fewer than 20 units will have 1 dedicated SunDial controller. The 0-10V signals from the SunDial Controller must be daisy chained and wired to each driver included for the array.
